

September 26, 2017

Good Afternoon:

We certainly are experiencing unusually muggy weather these days. Our teachers and staff have been monitoring and ensuring that the students remain comfortable throughout the day. We are very fortunate to have certain areas of the building with comfortable temperatures and a school yard with plenty of shade.

Sadly, the senior students will not be joining us tomorrow for our Terry Fox Event. The senior staff has deemed the walk to our school and back and activities would be too taxing on the children. Their event will be rescheduled to next week.

Our staff has decided to go ahead and hold the Terry Fox Event tomorrow morning as planned. Our facilities have plenty of shade and the morning is a perfect time for the event. The event is scheduled to **start at 9:00** (the morning being the coolest part of the day). We are expecting to be done by approximately 10:00.

We will start with a quick assembly and dance, followed by a short walk through the forest. We will reconvene in the school yard, take a group picture and have an apple for a snack, which is generously being provided by Home and School. We are asking all the children to wear a red t-shirt or top for the group picture.

Kindly ensure that your children wear loose comfortable clothing: red t-shirt, shorts, running shoes and cap. Pack an extra set of clothing. Ensure your child has a refillable water bottle and sunscreen.

We will also have water available.

On a different note, next week Brian Ewenson, Aerospace Education, will be at our school October 3 and 4 to speak to the children and facilitate hands-on workshops to kick off our School Education Project on Aviation, Aerospace and Technology.

Warmest regards,
Carmela di Iorio, principal
